The new lane merge as you're passing Acapulco entering the POC is great!
Thanks everyone for your help on that!!

Thanks Augie!

I've instructed our Social Media and Digital teams to share this on our social sites as well as by email. I hope that continues to help!

One thing I wanted to bring up again is the immediate merge after the left turn into the POC from 6th and Harbor. I was almost side swiped again

today...which would be 4 close calls in roughly 10 days...and I KNOW there's a merge around the corner so I'm drive very cautiously. There really needs to be a solution for this before someone is hurt because the car that almost hit me today served off the road to avoid the collision.

Thank you all for you help on this and let me know when the next meeting is.

Have a great weekend!

Hi Everyone!

I hope all is well and that you're having a great day! We had an informative meeting on Monday with Port Police, Port Traffic Engineers, Construction Mangers for the Harbor Blvd Reconfiguration project, POC tenants, Port Real Estate folks and others to discuss the traffic plan set on Saturdays and Sundays entering Ports O' Call Village. Basically, starting at 10am Port Police will be directing all traffic to 22nd Street and back filling the POC parking lot and then using the auxiliary parking lot at 22nd and Miner (6th Street will be blocked for entering into POC - exit OK at 6th). Mother's day weekend came and gone without a complaint and we are seeing an increase of folks getting off of Harbor and parking in the downtown San Pedro area and walking or taking the Red Trolley into POC. Attached is a flyer which explains this detour/parking plan and may be used to help get this message out to POC patrons - feel free to use it!

Thanks,
Augie
